

SMARTCONNECT: MAKING MEDICARE EASY

SmartConnect is designed for companies of all sizes seeking a trusted Medicare advocate for their employees. The SmartConnect team educates individuals about their Medicare options, compares those options with their group coverage, and determines which path is better suited for their circumstances. SmartConnect delivers a win-win-win outcome for employees, HR members and the bottom line.

What Your Employees Get

Access to Trusted Medicare Resources: Digital resources that cover the basics of Medicare, facts about Medicare while working, and how to get started with Medicare when retiring.

Free Medicare Consultations with a Licensed Agent: SmartConnect is powered by SmartMatch, an independent agency licensed in all 50 states. With access to view and compare the entire Medicare Marketplace, our agents help each person understand their options, and if they find a plan suited for their needs, our agents help them enroll in and confidently transition off the group plan.

Educational Webinars & Benefit Fair Presentations: Our educational approach ensures your employees have all the Medicare facts. Our monthly webinars allow employees to be prepared for their Medicare journey — either while working or in retirement. Benefit Fair Presentations are available to help employees learn more about the SmartConnect process and how to connect with us.

EMPLOYEE TESTIMONIALS

The Medicare 101 handbook made learning about Medicare and its various options much easier to navigate and understand compared to Medicare.gov.

EMPLOYEE TESTIMONIALS

We found (our agent) to be knowledgeable patient and an absolute pleasure to work with. She is absolutely terrific.

EMPLOYEE TESTIMONIALS

I used SmartConnect to navigate through the Medicare enrollment process and felt like I was dealing with an expert, professional and caring person. It really takes the pressure off of us during the complex enrollment process.
